

As the energy consumer, you own the rights to create certificates for energy saving activities undertaken at your premises under the Victorian Energy Upgrades program. One certificate represents one tonne of carbon dioxide equivalent (CO₂-e) to be reduced by the activity. You are able to assign your right to create certificates to an accredited provider under the Victorian Energy Upgrades program. In assigning your right, the accredited provider will be entitled to create and own the certificates for the activity undertaken at your premises. In return, the accredited provider should provide you with an identifiable benefit (e.g. price reduction on a product, free installation or a cash-back arrangement).

You are responsible for ensuring you are satisfied with the terms of the assignment of certificates to **Rinnai Australia Pty Ltd**, the accredited provider (as detailed below) prior to proceeding with the activity. If you experience any issues with the outcome of this activity, you should contact **Rinnai Australia Pty Ltd** to resolve the matter. For any outstanding issues, you can contact program staff members at the Essential Services Commission, the government body responsible for administering the program, by sending an email to veu@esc.vic.gov.au.

PART A – Installation details and Installer Declaration

SYSTEM INSTALLATION DETAILS

PRIVACY DECLARATION

All personal details collected on this form are primarily collected for the express purpose of Rinnai Australia Pty Ltd acquiring accurate details so that it can make the appropriate payment to the Assignor in respect of the Assignor's assignment of the right to create VEECs arising from the installation of the Installed System; Rinnai Australia Pty Ltd advises that all personal information held by it will be held in accordance with the *Privacy Act 1988 (Cth)*. Rinnai Australia Pty Ltd will not release any personal information that is contained on this form to any third party other than the ESC for the creation of the VEECs and for its own legal compliance purposes, including but not limited to, a ESC site audit of Activity 1A, 1B, 1C, 1D, 1F and 3B.

Disclaimer

The information contained on this form is correct at time of printing, but subject to change without notice. We strongly recommend that you refer to the Government website - [https://www.veu-registry.vic.gov.au/Public/Public.aspx?id=Certificates\(VEECs\)](https://www.veu-registry.vic.gov.au/Public/Public.aspx?id=Certificates(VEECs)) prior to purchasing and installing the Installed System

PART A – Declaration by Installer

I hereby declare that:

- I am licensed to undertake the installation of the above product
- where applicable the consumer has been informed that a VBA Compliance Certificate and/or Certificate of Electrical Safety is required for the work undertaken and will provided a copy of the relevant certificate within five working days of installation
- the product has been installed in residential premises
- the product has been installed to replace an electric resistance water heater and will be decommissioned
- the product(s) replaced as part of this installation was not installed for the purposes of being decommissioned as part of this installation (i.e. the baseline environment has not been altered prior to this installation)
- the installation meets all laws, standards, building codes and local council requirements
- the information provided is complete and accurate and that I am aware that penalties can be applied for providing misleading information in this form under the *Victorian Energy Efficiency Target Act 2007*.
